PROJECTS

CRWN Clothing

An E-commerce website that sells the latest in fashion clothes. This website is

built using React and Redux Sagas. It takes advantage of React Hooks to create pure functions as well as other performance enhancers. You can even go through the checkout process.

[Demo](#) | [Repository](#)

YelpCamp

YelpCamp is a website where users can create and review campgrounds. In order to review or create a campground, you must have an account. This project was created using Node. js, Express, MongoDB, and Bootstrap handling upload images using Multer & Cloudinary.
